

### Project Instructions

Perform exploratory data analysis on the `netflix_data.csv` data to understand more about movies from the 1990s decade.

- What was the most frequent **movie** duration in the 1990s? Save an approximate answer as an integer called `duration` .
- A movie is considered short if it is less than 90 minutes. Count the number of **short action movies** released in the 1990s and save this integer as `short_movie_count` .

## The data

netflix\_data.csv

Column	Description
show_id	The ID of the show
type	Type of show
title	Title of the show
director	Director of the show
cast	Cast of the show
country	Country of origin
date_added	Date added to Netflix
release_year	Year of Netflix release
duration	Duration of the show in minutes
description	Description of the show
genre	Show genre
